Director of Public Works

### **AS-NEEDED EMERGENCY FLOOD CONTROL AND ROAD MAINTENANCE FACILITIES REPAIR PROGRAM STORM DRAIN REPLACEMENT PROJECT**

On November 15, 2011, the Board approved an as-needed, on-call emergency contract with Mike Prlich and Sons, Inc. As part of the approval, the Board instructed Public Works to report repairs carried out under this contract.

We are using Mike Prlich and Sons, Inc., to install a storm drain pipe in the unincorporated area of Whittier. During the December 2014 storms, a 30-inch storm drain pipe aligned in the backyard of a home at 13388 Anola Street was damaged. The immediate replacement of the pipe is necessary in order to handle storm flows on Anola Street. The installation of the new pipe started on January 6, 2015, and is expected to be completed by January 20, 2015. The project is located in Supervisorial District 4 and is estimated to cost \$55,000.

If you have any questions, you may contact Gary Hildebrand, Deputy Director, at (626) 458-4012 or at [ghildeb@dpw.lacounty.gov](mailto:ghildeb@dpw.lacounty.gov).
